

ABSTRACT

[0001] A method and system of requesting a projector and presentation venue reservation is provided. The requesting includes selecting a presentation venue having one or more available projectors and in accordance with venue selection criteria for a given presentation, selecting a projector according to projector selection criteria for the presentation and the one or more projectors available at the venue, selecting a level of security for storing the presentation data to protect the presentation data from unauthorized access and uploading the presentation data to a reservation system server via the network. Coordinating a projector and presentation venue reservation includes receiving a projector and presentation venue reservation request, downloading presentation data from a projector reservation client, ensuring availability of presentation software compatible with the presentation data and commencing a presentation including presentation data.
